List of contributors	xxv
Part I Background	
Chapter 1 Introduction: research at Bagendon.....	1
Tom Moore	
Introduction	1
Bagendon and its landscape	2
History of research	6
The development and aims of this project	14
Presentation of excavation results	17
Part II Examining the Bagendon complex	
Chapter 2 Assessing the wider Bagendon complex: remote sensing surveys 2008-2016.....	21
Tom Moore	
Introduction	21
Methodology.....	21
South of Scrubditch dyke	26
West of Cutham Dyke (dyke 'a').....	30
Bagendon Valley (East).....	39
Bagendon Valley (West).....	51
West of Bagendon Village.....	58
The ramparts and outer areas	67
Area to the West, 'outside' the Bagendon dykes	84
Overview and discussion	94
Conclusions.....	98
Chapter 3 Before the <i>oppidum</i>: excavations at the Scrubditch and Cutham enclosures (2012-2014).....	99
Tom Moore	
Introduction: aims of the excavation	99
The Scrubditch enclosure	99
Cutham enclosure	117
Discussion.....	127
Chapter 4 Revisiting the Late Iron Age <i>oppidum</i>.....	134
Tom Moore	
Excavations in Bagendon valley (1979-1981).....	134
Introduction	134
Rationale, issues and methods	134
Area A (1979 and 1981).....	139
Area B (1980).....	145
Discussion of the 1979-1981 excavations	153
Test pits in the valley occupation area in 2017.....	153
Trench 9	153
Trench 10	153
Trench 11	154
Discussion	154

Dating occupation in the Bagendon Valley	155
Layout and nature of activity	158
The question of Roman military involvement at Bagendon.....	162
‘A place of mighty ramparts’: the Late Iron Age earthworks	164
Late Iron Age Bagendon: the combined evidence	171
Chapter 5 After the <i>oppidum</i>: excavations at Black Grove, Bagendon.....	173
Tom Moore	
Introduction	173
Aims of the 2015 excavations.....	173
Structural sequence	177
Interpreting the Black Grove building	187
Conclusions: the Bagendon landscape in the Roman period.....	190
Part III The Material evidence	
Chapter 6 Iron Age and Roman ceramics	197
Ed McSloy, Jane Timby, D.F. Williams and Steven Willis	
Coarsewares and Gallo-Belgic finewares (Excavations 1979-1981)	197
Ed McSloy	
Introduction	197
Methodology.....	197
Forms	199
Fabrics.....	201
Gallo-Belgic and North Gaulish wares.....	205
Stratigraphy and dating: Area A pits (Figure 6.3 and 6.4)	206
Coarsewares and Gallo-Belgic finewares (Excavations 2012-2017)	213
Jane Timby	
Cutham and Scrubditch enclosures: introduction and methodology.....	213
Scrubditch Enclosure (2012-2013)	213
Cutham Enclosure (2014)	219
Black Grove, Bagendon (2015)	221
Bagendon Valley (Test pits 2017) and Dyke ‘e’ (2017).....	225
General discussion	225
Roman Amphorae (Excavations 1979-81)	231
D.F. Williams	
The <i>terra sigillata</i>	233
Steven Willis	
<i>Terra sigillata</i> from features of the earliest phase (Period IA) examined during Clifford’s excavations 1954-6 ..	233
<i>Terra sigillata</i> from the 1979-81 excavations at Bagendon.....	238
Discussion.....	247
<i>Terra sigillata</i> from the 2014 and 2015 excavations	252
<i>Terra sigillata</i> from 2014 excavations at Cutham, Bagendon	255
<i>Terra sigillata</i> from 2015 excavations at Black Grove, Bagendon.....	255
Chapter 7 The brooches	258
Sophia Adams	
Overview	258
Catalogue.....	260
Chapter 8 Metalwork	275
Elizabeth Foulds with a contribution by Yvonne Inall	
Copper-alloy objects.....	275
Iron objects	279
Iron spearhead from Scrubditch enclosure.....	284
Yvonne Inall	

Chapter 9 An analytical study of Late Iron Age bloomery slag from Bagendon	287
Loïc Boscher and Marcos Martín-Torres	
Introduction	287
Methods	287
Macroscopic observations	288
Microstructure	290
Chemical composition	294
Discussion	299
Conclusions	299
Chapter 10 Iron Age coins.....	300
Colin Haselgrove with a catalogue of Roman coins by Richard Reece	
Introduction	300
Catalogue.....	300
Discussion.....	302
Conclusion.....	313
Catalogue of Roman coins from Black Grove (2015)	314
Richard Reece	
Chapter 11 The Late Iron Age coin moulds.....	315
Mark Landon with a contribution by J.A. Morley-Stone	
Introduction	315
Observations and analysis	315
Conclusions	327
The Metallurgy of the Pellet Moulds from the Bagendon complex	329
J.A. Morley-Stone	
Chapter 12 Miscellaneous materials.....	331
Elizabeth Foulds, John Shepherd, Ruth Shaffrey, Chris Green, Cynthia Poole, Tom Moore and Freddie Foulds	
Lead	331
Elizabeth Foulds	
1979-1981 excavations	331
2015 Black Grove excavations.....	331
Worked bone	331
Elizabeth Foulds	
2012-2013 Scrubditch	331
2014 Cutham	331
1979-1981 excavations	332
2015 Black Grove excavations.....	332
Non-vessel ceramic (spindle whorls)	332
Elizabeth Foulds	
2014 Cutham	332
1979-1981 excavations	332
Glass beads	333
Elizabeth Foulds	
1979-1981 excavations	333
2015 Black Grove excavations.....	333
Vessel Glass	333
Elizabeth Foulds	
1979-1981 excavations	333
2015 Black Grove excavations.....	333
Claudian Glass Bowl	334
John Shepherd	
Stone	334
Elizabeth Foulds	
2014 Cutham	334
1979-1981 excavations	334

Quernstones.....	335
Ruth Shaffrey	
Catalogue of stone	335
Discussion	336
Hertfordshire Puddingstone quern	336
Chris Green	
Fired Clay	337
Cynthia Poole	
Introduction	337
Methodology	337
Fabrics	338
Forms	338
Structural fired clay	338
Portable oven/hearth furniture	338
Miscellaneous.....	339
Discussion	339
Non-vessel ceramic (sling shots).....	339
Tom Moore	
Building Materials	339
Elizabeth Foulds	
2012-2013 Scrubditch.....	339
2014 Cutham.....	339
1979-1981 excavations	339
2015 Black Grove excavations.....	339
Roofing material from Black Grove	340
Tom Moore	
Lithics	341
Freddie Foulds	
Introduction	341
Method	341
Raw material.....	341
Technology	342
Scrubditch Enclosure (2012-2013).....	342
Cutham Enclosure (2014).....	343
Black Grove (2015).....	344
The 1980-1985 material	344
Discussion and conclusions.....	346
Chapter 13 Radiocarbon dating and Bayesian modelling of the Cutham and Scrubditch enclosures	347
Derek Hamilton	
The samples and models.....	347
Cutham	347
Scrubditch.....	347
The results	350
Discussion.....	350
Other radiocarbon-dated enclosures in the vicinity.....	352
Chapter 14 The date of the Roman fort at Cirencester: samian pottery and coins	354
G.B. Dannell, Robert Kenyon and Richard Reece	
Samian pottery in the fort at Cirencester, and its dating	354
G.B. Dannell	
Copies of coins of Claudius I (AD 41-54) at Cirencester	354
Robert Kenyon	

Part IV The environmental evidence

Chapter 15 The human remains 359

Tina Jakob and Tom Moore

Introduction	359
Analysis of Human Remains.....	359
Tina Jakob	
Methodology	359
Osteological Analysis.....	359
The human remains from Bagendon in context.....	365
Tom Moore	

Chapter 16 The Faunal remains 368

Cameron Clegg with a contribution by Harry K. Robson

Methods.....	368
Occupation in Bagendon valley (1979 – 1981).....	368
Scrubditch and Cutham enclosures (2012/13 and 2014)	370
Black Grove (2015)	377
Discussion	378
Conclusions.....	384
Fish remains	384
Harry K. Robson	
Introduction and methods	384
Results.....	384
Oysters	385
Tom Moore	

Chapter 17 Isotopic analysis of human and animal remains 386

Mandy Jay with contributions from Sally Kellett, Janet Montgomery, Tina Jakob, Geoff Nowell and Chris Ottley

Introduction	386
The basics of isotope analysis	386
Results and discussion	389
Conclusions.....	409

Chapter 18 The plant and invertebrate remains 410

Charlotte E. O'Brien and Lorne Elliott

Introduction	410
Plant macrofossils	410
Charcoal	426
Land snails	456
Conclusions	459

Part V Landscape studies

Chapter 19 Putting the Bagendon complex into its landscape setting: the geoarchaeological and land snail evidence 463

Michael J. Allen

Introduction	463
Methods.....	463
Analysis	466
Results	467
Discussion: the character of the Bagendon landscape	473

Chapter 20 Viewsheds and Least Cost Analysis of the Bagendon Complex and its environs	475
Sam Bithell	
Introduction	475
Methods.....	475
Results and Discussion	482
Chapter 21 Geophysical survey at Hailey Wood Camp, Sapperton, Gloucestershire	483
Tom Moore	
Introduction	483
Methodology.....	484
Results and interpretation	484
Discussion.....	488
Chapter 22 Geophysical survey at Stratton Meadows, Cirencester, Gloucestershire	489
Tom Moore	
Introduction and methodology	489
Results and interpretation	490
Conclusions.....	492
Chapter 23 Becoming the Dobunni? Landscape change in the Bagendon environs from the Early Iron Age to AD 150	493
Tom Moore	
Introduction	493
Bagendon environs assessment: methodology.....	497
Clearing the land? The Late Bronze Age and Early Iron Age background	500
The age of enclosure: Middle Iron Age settlement patterns	502
The Middle Iron Age Landscape	514
The Late Iron Age: continuity or transformation?.....	519
The Middle to Late Iron Age transition.....	529
The impact of Roman conquest and the early Roman province.....	531
Conclusions	537
Part VI Narrative and Discussion	
Chapter 24 The Bagendon complex: a biography.....	541
Tom Moore	
Introduction	541
Origins: the Middle Iron Age landscape	541
From Middle to Late Iron Age: the origins of Late Iron Age centres	547
Transforming the landscape: the Late Iron Age	551
Constructing earthworks: a language of power	562
Experiencing Bagendon: visibility and movement	565
Bagendon: an ' <i>oppidum</i> '?	568
Bagendon as 'powerscape'	579
Capital of the <i>Dobunni</i> ?.....	580
Communities and kings	583
Power and assembly	587
Controlling the past: controlling the future	588
Roman Bagendon: mobilising memories of power.....	589
Chapter 25 Conclusions and future prospects.....	591
Tom Moore	
Bagendon and perspectives on the <i>oppidum</i> debate	591
Reflections and future perspectives	592
British ' <i>oppida</i> ' in popular and academic consciousness	595

Appendix 1 Catalogue of sites in the Bagendon Environs	597
Appendix 2a Bagendon Auger (and test pit profile) log 2017	610
Appendix 2b Bagendon Feasibility Auger log 2016	621
Appendix 3 Isotopic Analytical methods	625
Bibliography	627
Classical Sources	627
References.....	627
Index	663
